Dear Reviewer:

In accordance with provisions of the National Environmental Policy Act of 1969, we enclose for your review the Final Environmental Impact Statement Seabird Interaction Mitigation Methods under the Fishery Management Plan for the Pelagic Fisheries of the Western Pacific Region and Pelagic Squid Fishery Management under the Fishery Management Plan for the Pelagic Fisheries of the Western Pacific Region and the High Seas Fishing Compliance Act (FEIS).

Two actions are assessed in this FEIS. The first is aimed at cost-effectively reducing the potentially harmful effects of fishing by Hawaii-based longline vessels on seabirds. The second is aimed at establishing an effective management framework for pelagic squid fisheries in the Pacific, including fishing activities within the exclusive economic zone of the U.S. and on the high seas.

Additional copies of the FEIS may be obtained from William L. Robinson; Regional Administrator; National Marine Fisheries Service; Pacific Islands Regional Office; 1601 Kapiolani Blvd., Suite 1110; Honolulu, Hawaii 96814; telephone 808-973-2937. The document is also accessible electronically through the National Marine Fisheries Service Pacific Islands Regional Office's website at <http://swr.nmfs.noaa.gov/pir/>.

Robinson; Regional Administrator; National Marine Fisheries Service; Pacific Islands Regional Office; 1601 Kapiolani Blvd., Suite 1110; Honolulu, Hawaii 96814. Electronic comments may be submitted by e-mail to FEISseabirdsquid@noaa.gov; include in the comment subject line the following document identifier: Seabird-Squid FEIS.
